## PROJECTS

### UX Designer | General Assembly Hackathon August 2019

- Collaborated with developers to create homeless resource app.
- Produced project deliverables under 2 days.
- Designed paper prototypes, sketches, and wireframes.

### Interaction Designer | Hazel Analytics July 2019

- Designed wireframes and interactive prototype for user testing.
- Delivered 4 product features of food safety app under 3 weeks.
- Conducted and facilitated design studio session with client stakeholders.

## EXPERIENCE

### Graphic Designer | The World is Fun November 2018 - Current

- Produced and updated physical materials for the organization with over 5,000 volunteers and 90 staff members.
- Worked collaboratively with design team to create client needs such as signage, posters, anniversary logos, and volunteer badges.

### End User Computing Analyst | Shire Pharmaceuticals May 2016 - March 2017

- Managed day to day operations in multiple buildings of the Shire Lexington, MA campus, comprising of approximately 1000+ end users.
- Responded to user service calls and service tickets to troubleshoot and resolve reported incidents at the tier 1 level.
- Handled customer communications and initiatives to realize improved customer service and satisfaction.

### Technical Analyst | ComputerSupport.com Jan 2015 - Jan 2016

- Focused on delivering exceptional support and strategic solutions through managed on-site and technology services with over 30 clients.
- Responded to inbound technical calls and help desk tickets from customers in an efficient, courteous, and knowledgeable manner.
- Ensured that all calls and tickets have been thoroughly resolved and documented.
- Resolved problems by collecting information, assessing the customers' needs and conducting research to implement the appropriate solution.
